“You can support
an orphan
in Africa”

The Agnes-Froehlich-Verein – a relief-organization for children in Africa – founded a house, situated in Kalimoni, about 25 miles from Nairobi. Its name is “Star of Hope”.

Here children, who are in danger to fall down into lives in the street, are taken in. But also orphans can find a home in this house.

But the education of one of these children costs 62,-- Euros per month. This money must be raised by sponsorships. Everybody who decides to become a sponsor can get informations about “his/her” orphan.
